SUSTAINABILITY & ENHANCED SPECIFICATION

Schroders and Trebor recognize the built environment's contribution to global carbon emissions and our responsibility to develop strategies to improve negative environmental impacts.

Sustainability is integral to the development at Revolution Park and our combined commitment is to minimize carbon emissions throughout the construction process whilst delivering the final units to BREEAM "Excellent" and Net Zero Carbon standards.

Enhanced building envelope designed to reduce heat loss

15% roof lights to ensure optimal natural daylight and reduce the need for artificial lighting

Improved glazing to ensure fresh air ventilation

Roof built to support photovoltaic (PV) panels and reduce operating costs

Electrical car charging points plus additional infrastructure for future charging points

LED lighting to offices and external areas

Bicycle storage

Immediate proximity to public transport network

BREEAM "Excellent"

Net Zero Carbon

Improved landscaping creating external relaxation areas and improving the sites biodiversity
