Description

The subject property is a semidetached self-contained unit with accommodation over 2 floors. There is a roller shutter door at the front of the unit, with double loading doors directly behind this, leading into the main ground floor space. To the side of the loading door is a pedestrian door leading into a reception area. Stairs to the first floor offices / additional storage rooms are situated at the rear of the ground floor. The unit benefits from LED lighting throughout, AC for cooling , heating via gas fired radiators, 3 allocated parking spaces, plus a disabled access space directly to the front of the unit (with a further 12 shared spaces very close by) and an EV charging point. There are double glazed windows along the side of the unit at both ground and first floor, so the unit further benefits from natural light.
