Description

The site forms part of the Bridge Lane Industrial Estate, where there are numerous manufacturing and warehousing occupiers.

The warehouse unit is constructed of steel portal frame. The elevations are formed with brick and block walls to 3 m, with the remainder being of profile steel cladding. Access is via a 4.25 m high roller shutter door. Its exterior poses a mix of durable brickwork and metal cladding.

The office suite is constructed of cavity brick and blockwork and is appointed to a good standard, with the benefit of gas-fired central heating. Within the offices they have personnel access doors leading to the warehouse for easy access. Large, evenly spaced windows inviting natural light throughout the interior, contributing to a bright and attractive workspace.

The building sits within a spacious, well maintained parking area that enables convenient customer and staff access.
